

More flexibility. Lower costs.
Simply with Hilscher cifX PC cards for Fieldbus and Real-Time Ethernet

Dear Mr. Mustermann,

Over the past months Hilscher has pursued its goal of steady growth:

- Expansion of corporate headquarters in progress
- Foundation of new subsidiary in India
- Continuous development of Hilscher product portfolio

Especially with the new generation of Hilscher PC cards – communication interface cifX – besides proven Real-Time Ethernet protocols, traditional fieldbus systems are now supported.

New in this range of products:

- 2 channel PROFIBUS PCI card
- Support of new protocols CompoNet and CC-LINK 2.0

Highlights
cifX for Fieldbus and Real-Time Ethernet

- **Reduced storage costs**, only one PC card for Master or Slave
- **Freedom of choice** with one PC card for all Real-Time Ethernet systems
- **Minimal integration effort** through unified interfaces and tools
- **Save time** with fast start of operation. Complete software package included in delivery (configuration tool, drivers, manuals)
- **More flexibility** thanks to a great variety of form factors: PCI, PClexpress, Mini PCI, Mini PClexpress, compactPCI, PC/104, PCI-104
- **Certified technology**: PROFIBUS, CANopen, PROFINET, EtherCAT, Ethernet/IP, CE- and RoHS-conformity
