

Dear Mr. Mustermann,

The world's largest industrial trade fair **Hannover Fair 2010** is just around the corner. As a technology leader in the field of industrial communication, we invite you to see the **entire Hilscher product line on an exhibition space of more than 160m²** in Hall 11 / Stand A62.

From PC cards, PLCs and Gateways up to customer-specific engineering services, Hilscher Fieldbus- and Real-Time-Ethernet specialists would be happy to advise you about the Hilscher product portfolio.

Do not miss this great occasion and make an appointment with us today via e-mail sales@hilscher.com or by phone +49 (0) 6190 9907-91

New Products by Hilscher at Hannover Fair

See more information at www.hilscher.com or visit Hilscher at Hannover Fair 2010 in hall 11 / stand 11-A62.

Hilscher product highlights shown at the Hannover Fair 2010

netLINK SCADA: Compact Ethernet gateway including web visualization for Siemens S7® PLC

- Complete and easy to use visualization system *atvise®* by CERTEC
- Import S7® project files / create HTML web page with process data via drag & drop
- Access process data online via Internet with PC or any web-enabled device

netX 10: New network controller for all major Fieldbus and Ethernet protocols

- Special 32Bit RISC controller for fast IO peripherals / powerful 32-bit ARM 966 CPU / four-channel IO-Link Master Controller
- Single or companion chip via integrated DPM / SPI
- Application: small drives / encoders / ident / IO / controls

Device Level Ring (DLR) network technology with netX 50: Increase stability and flexibility

- Network controller netX 50 with ARM CPU, two Ethernet ports, built-in switch and PHYs / supports EtherNet/IP DLR protocol as Ring Supervisor or Ring Node (Beacon-Based)
- No additional components such as FPGA or PHYs necessary
- Adapter protocol stack will be available free of charge on the netX Community Platform

www.industrialNETworX.com

comX: Communication module for Fieldbus and Real-Time-Ethernet as Master and Slave
- Significant less development and maintenance costs compared to in-house development
- Easy system integration / all protocol-specific features included / cost certainty for purchasing components

OPC Server: Communication with S7® PLC made easy
- Available for the latest generation of PC Cards cifX
- Local or remote access via OPC Client / DCOM server for Windows, OPC DA 2.05 compliant
- Access PLC via MPI or PROFIBUS / transfer project data from your STEP®7 project

...and many more products to see at the Hilscher booth (Hall 11 / Stand 11-A62).

We are looking forward to welcoming you.
