

Dear Mr. Mustermann,

Europe's leading exhibition for electric automation **SPS/IPC/Drives 2010** is just around the corner, so we want to inform you with a special newsletter about new Hilscher products shown at this important fair. As the technology leader in the field of industrial communication, you are more than welcome to see the **entire Hilscher product line on an exhibition space of more than 160m²** in Hall 6 / Stand 120.

From PC cards, slot-PLCs and Gateways up to customer-specific engineering services, we as Fieldbus- and Real-Time-Ethernet specialists would be happy to advise you about the Hilscher product portfolio.

New Products by Hilscher at SPS 2010

Slot-SPS: netPLC

Gateway: netLINK SCADA

OEM-Module: netJACK

ASIC: netX 10/50/100/500

OPC-Server

More information at www.hilscher.com or visit Hilscher at SPS/IPC DRIVES 2010 in hall A6, stand 120.

Hilscher product highlights shown at the SPS/IPC/Drives 2010

netJACK: Communication module for embedded Intel Atom™ Designs

- By hand replaceable module with PCI Express, SPI- or DPM-interface
- For Fieldbus and Real-Time-Ethernet

netLINK SCADA: Compact Ethernet gateway including web visualization for Siemens S7® PLC

- Complete and easy to use visualization system *atvise®* by CERTEC
- Import S7® project files / create HTML web page with process data via drag & drop
- Access process data online via Internet with PC or any web-enabled device

netX 10: New network controller for the main field bus and single-port Ethernet protocols

Tri-Core Architecture

- Powerful 32-bit ARM 966 / 32-bit RISC
- xPEC communication ALU, proven technology like all other netX
- xPIC - new peripheral interface controller as 32-bit RISC for fast IO processing parallel to the ARM peripherals, such as for Motion Control / PLC / IO-Link Master with complete Eclipse development environment with C-Compiler and Debugger

Highlight – Hilscher shows CoDeSys 3.0 running on the xPIC

- Single or companion chip via integrated DPM / SPI
- Application: small drives / encoders / ident / IO / controls

OPC Server: Communication with S7® PLC made easy

- Available for the latest generation of PC Cards cifX
- Local or remote access via OPC Client / DCOM server for Windows, OPC DA 2.05 compliant
- Access PLC via MPI or PROFIBUS / transfer project data from your STEP®7 project

...and many more products to see at the Hilscher booth (Hall 6 / Stand 120).

We are looking forward to welcoming you.
